Dear Ketanbhai,

Thank you for the invitation extended to me for the PharmInnova Award Ceremony. It would have been a pleasure to attend the ceremony and an opportunity to learn from Dr. Kalam. However, due to prior commitments I am unable to attend the function.

I appreciate the Rajnibhai V. Patel Trust to have undertaken a noble initiative in promoting research at the Pharmacy College. This would go a long way in encouraging the students and their guides to undertake meaningful research which is much needed by the Country.

I wish a successful future to all the winning students and thank their guides for having brought out the best in their students.

With regards,

**Prof. Harish Padh**  
**Vice Chancellor**  
Sardar Patel University
